

VETTEDBUILD NETWORK

VERIFIED MEMBER BADGE TERMS

These terms govern the VettedBuild Network Verified Member badge. By accepting and displaying the badge, a member agrees to these terms and to the VettedBuild Network Verification Standard.

1 · THE BADGE

The Verified Member badge is a certification mark of VettedBuild Network. It shows that the member passed the network's published Verification Standard for the calendar year printed on the badge. The badge remains the property of VettedBuild Network. Members receive a limited, non-exclusive, non-transferable license to display it, and that license gives the member no ownership rights in the badge.

2 · WHO MAY DISPLAY IT

Only a member in good standing whose verification is current for the year shown on the badge may display it. The badge is issued to one specific business. It may not be shared, transferred, sublicensed, or displayed by any other business, location, or individual, including a business under common ownership.

3 · HOW IT MUST BE DISPLAYED

Display the badge exactly as issued. Do not alter its colors, shape, wording, or year, and do not crop out the year. Where the badge is displayed digitally, including on a website, profile page, or email signature, link it to the member's VettedBuild Network profile where practical.

4 · WHAT THE BADGE DOES NOT MEAN

The badge is not a guarantee of work quality, pricing, timelines, or outcomes. Verification covers only the items listed in the Verification Standard. The badge is not issued, approved, or endorsed by the US Department of Veterans Affairs, and members may not state or imply any affiliation with or endorsement by the US Department of Veterans Affairs. The lender on any loan still performs its own builder approval for that loan.

5 · MEMBER OBLIGATIONS

While displaying the badge, a member must keep its license and insurance current at all times. A member must notify VettedBuild Network immediately of any license discipline, insurance lapse or change, or material change to the business. A member must keep its VettedBuild Network profile information accurate and correct it promptly when it changes.

6 · TERM AND RENEWAL

The badge is valid only for the calendar year printed on it. Renewal requires re-verification under the Verification Standard then in effect, including a license re-check, a current certificate of insurance, and an updated experience record. An expired badge may not be displayed.

7 · REVOCATION

VettedBuild Network may revoke the badge at any time if a member's documents lapse, a license is disciplined, the badge is misused or altered, the member's application contained false information, or a complaint against the member is investigated and upheld. On revocation, expiration, or withdrawal from the network, the member must remove the badge from all websites, profiles, signatures, and materials within 10 days. Any use after that date is unauthorized.

8 · COMPLAINTS

Veterans and clients may report a member to VettedBuild Network. Each complaint is reviewed, the member is given a chance to respond, and an upheld complaint can result in revocation of the badge.

9 · CHANGES TO THESE TERMS

VettedBuild Network may update these terms and the Verification Standard. Members will be notified of updates. Continued display of the badge after an update means acceptance of the current terms.

VettedBuild Network is a private directory. It is not affiliated with or endorsed by the US Department of Veterans Affairs.
